

RV/OV GAME DAY PARKING RULES

1. For Saturday games, entry is permitted into the RV/OV reserved parking lots on Friday evening prior to game day from 6:00 PM – 9:00 PM. Do not block the entrance before entry time or stage in surrounding areas prior to 6:00 PM. All RV/OVs must be out of the lot by noon (12:00 PM) on Sunday afternoon following game day. For weeknight games, game-specific information will be posted on www.goduke.com/gameday.
2. You must park the RV/OV and its tow trailer or vehicle within the assigned space in the manner for which the space was designed. The tow vehicle and/or trailer must enter the lot with the parking permit holder's RV/OV.
3. Tents and/or awnings must be set up only within your assigned space. You may not park the RV/OV and tow trailer or set-up tents or awnings in a manner that encroaches upon the assigned space of another person or vehicular traffic routes.
4. Duplication of and/or pass-backs of RV/OV parking permits are prohibited.
5. While in the lot, an RV/OV must display its parking permit at all times.
6. If you plan to run a generator, you must connect it to an exhaust stack that extends above the RV/OV's roof. You may be required to shut down a generator that is operating without the required exhaust stack.
7. No excessively loud music or noise will be tolerated at any time. If loud music or noise becomes disturbing to others, you may be required to lower the music and/or noise level or cease it altogether. Please be courteous of others. You are subject to and must abide by the Durham County Noise Ordinance which prohibits unreasonably loud noise after 11:00 PM. If you are running a generator which produces a noise level that disturbs others or exceeds the noise ordinance, you may be required to baffle its sound or shut it down.
8. The use of spikes or stakes is prohibited. Care must be taken to prevent levelers from damaging the surface of the lot in your space. You must place plywood, or any other flat material, that is sturdy, of sufficient thickness, and sufficient size under the levelers in order to distribute the weight over enough area to prevent damage to the surface.
9. You are responsible for cleaning in and around your RV/OV space before you leave the Duke University Campus and for any damages caused by yourself, your family or your guests. By providing your credit card to obtain a parking permit, you agree that Duke University may charge your credit card for any non-routine cleanup expense the University incurs or for any damages you or your invitees cause as a result of being allowed to license an RV/OV space.
10. Trash, recycling, and compost bags are provided free of charge at the bag stations located next to the portable restrooms. Please separate recyclable and compostable items from trash using these bags. Bags can be left in your parking space for crews to pick-up.
11. No open fires are allowed on the surface of the lot or space or in fire pits. Enclosed gas grills are allowed for cooking purposes. Enclosed charcoal grills are not recommended, but will be allowed. Please properly extinguish and dispose of charcoal and other flammables. Please dispose of charcoal in the marked containers in each lot. DO NOT THROW AWAY charcoal or other flammables in parking lot trash cans or leave them in parking lots.
12. You are responsible for the conduct of your children and guests. Any excessive use of scooters, motorcycles, golf carts, etc. in the lot will not be tolerated and could result in revocation of the parking permit and ejection from the lot. Underage children should not be allowed to operate any scooters, golf carts, or vehicles.
13. You are not permitted to bring onto the Duke University campus or RV/OV lots weapons including, but not limited to, firearms, fireworks, explosives, knives, bows and arrows, or martial arts equipment.
14. Possession, delivery, sale, use, or manufacture of any illegal drug and controlled substances or drug paraphernalia containing illegal drug residue is prohibited in the lot.
15. Duplicating or modifying, selling, renting, assigning or otherwise transferring a parking permit is prohibited.
16. You agree to abide by all federal, state, and local laws, statues, and ordinances, including without limitation those regarding the possession, dispensing, and use of alcoholic beverages.

17. The above Rules and Regulations are subject to change at any time by Duke University and its operational entities.

18. Please understand that, by providing this lot for RV/OV parking, Duke University cannot and does not guarantee the safety of your vehicles and/or personal belongings. Please take care to secure your vehicles when you are not in the area and to secure its contents at all times. Parking in this lot is at your own risk. You agree to release, hold harmless and defend at your sole cost and expense Duke University and the owner/operator of the parking lot, their officers, contractors, agents and employees, from and against any and all claims for injury to person or to property arising from your use or the use of other invitees of this parking lot.
