

Professional Development Network

We are building more than just a softball team here at Duke. Help us create a professional development and mentorship network for the women in our program to gain insight and opportunities in their various careers outside of softball. Our goal is that every woman leaves our program, fully equipped and prepared for the career of their dreams, in the field of their choice! Most people gravitate towards what they know, so exposing our women to a variety of fields and professions will help expand their horizons, to find their passion and purpose in a future career.

We hope that you are willing to be apart of our professional network as a resource for guidance, insight and mentoring of our student athletes. The opportunity for them to shadow you or intern would be an invaluable experience. You will make a lasting impact that helps shape the future of these successful young women. As a member of our network, we would love to keep you updated with the program through our Monthly Newsletter.

We thank you in advance for your time and contribution to making Duke Softball excellent on and off the field. To join our Professional Development Network simply email your contact information to Kate Kantor kkantor@duaa.duke.edu

Marissa Young
Head Softball Coach

A handwritten signature in blue ink that reads "Marissa Young".
