

# Duke Player Postgame Quotes

## Duke vs. Wake Forest

February 7, 2018 // Cameron Indoor Stadium // Durham, N.C.

**Senior, Rebecca Greenwell**

***On Sofia Roma's play:***

"It was huge for us. She brings so much energy off the bench. Whenever she's in the game, everyone is just excited, especially when she is contributing like she did tonight. It just gets everyone fired up."

***On her message to the team when injuries occur:***

"Just to focus on the things you can control. Injuries are inevitable; it's a part of the game. We can't control it, so if it happens, it happens and there's nothing we can do about. So we just have to overcome the adversity, stay positive and if we do that, we can still accomplish great things."

***On the team's play in the fourth quarter:***

"I thought we finished the game really well. We didn't rush, we were really patient in getting the ball to where it needed to be. We really passed well and we converted. I'm really proud of how we finished and [Sofia Roma] was a big part of that in the end."

***On Duke's increased trips to the foul line:***

"We were just attacking. That's an emphasis that Coach P. made last game and we really took that to heart this game and I thought we really did well with that. We definitely could have shot the ball better at the free throw line but I'm happy with how many times we got there."

**Junior, Sofia Roma**

***On her made baskets in the game:***

"Honestly, everything is the team. We drive each other. They push me, I push them, in every aspect. Mental, physical, every way."

***On if she doubted being able to play again:***

"No, I always knew I would. I saw the light at the end of the tunnel."
